

# IMPORTANT NOTICE FROM WATERBORO TRANSFER STATION

In an attempt to protect residents and employees from the possible transmission of Coronavirus, we ask that you wait outside the office for assistance.

Thankfully nobody is ill and we'd like to keep it that way so your Transfer Station can remain open and running smoothly.

Thank you for your consideration. We appreciate your cooperation in this and won't be offended if you need to honk to get our attention at some point!

Please note also that the "Free Trailer" will remain **CLOSED** until further notice in order to prevent a potential avenue for transmittal of COVID-19.
